Intro

The Vibe – “Bass is my Language and I Speak it Fluently”

GAURAV MACHCHHAR aka DJ MOSKITTO

When the lights drop and the crowd leans in, that’s when DJ Moskitto comes alive. Born from rhythm, raised by basslines, and fuelled by pure vibe, DJ Moskitto isn’t just mixing tracks, he’s engineering moments.

His career kicked off in 2013, and ever since, he’s been on a mission to make the world move - one beat at a time. With an extensive musical background and a fearless creative streak, Moskitto has developed a signature style. He doesn’t follow playlists; he creates atmospheres.

Using his CDJ decks like a true instrument, he cuts, scratches, and flips the hottest tracks, blending them seamlessly with his own high-voltage remixes and mashups. DJ Moskitto is known for his show-stopping sets, explosive stage presence, and crowd-hyping mic energy.

With a deep love for both EDM and Bollywood, DJ Moskitto bridges the gap between global sound and desi soul - crafting a musical experience that connects people everywhere. For him, the crowd’s reaction is everything. Every mix is built on emotion, and every drop is designed to make hearts race and feet move.

This isn’t just music. It’s motion. It’s emotion. It’s DJ Moskitto.
